**Associate Headteacher**  
Steve Weston BSc (Hons)

Dear Parents/Carers,

To enhance our Year 5 Geography topic this term, we are going to be holding a Ghana day on Wednesday 19<sup>th</sup> September. There will be a variety of immersive activities run by staff during the day covering, craft, music and drama.

For Ghana day, children will have the opportunity to come into school dressed in traditional Ghanaian clothing. However, as we appreciate this is not the easiest outfit to find, children can alternatively come in dressed in the colours of the Ghanaian flag – red, yellow and green. During the day, children will have the opportunity to make some African jewellery, they will read and act out some African stories and will have a go at playing the Djembes. We hope this will be an exciting and fulfilling day of learning for the children and we look forward to seeing all of their outfits.

The images below will hopefully give you some ideas for outfits!

Thank you for your support,  
Year 5 Team
