Homework Policy

Our homework policy aims to:

- ❑ Encourage an interest and love of learning in the world around them
- ❑ Support children to become self motivated, independent learners
- ❑ Support development of a wide range of learning capacities
- ❑ Involve parents and carers in their child's learning
- ❑ Contribute to raising attainment and the development of basic skills
- ❑ Support transition to secondary school

How it is set and organised

Each year group has a designated timetabled period in which homework is set on a weekly basis. Sometimes, particularly for maths, there will be a specific task sheet to be completed. The teacher setting the homework will always discuss the homework fully in class. Children can ask teachers for additional guidance at any stage in the week in which they have to complete the homework.

This is largely to reinforce learning in class and to practise key skills. The expectations reflect DfES guidance and the age and maturity of the children in preparation for secondary school.

	Reading (recorded in Personal Log)	Spelling (Lists stuck in Personal Log)	Maths (Recorded in Homework Book)
Year 3	10 mins a day with adult	Up to 15 words each week, differentiated	30 mins maths task each week
Year 4	10 mins a day with adult	Up to 15 words each week differentiated	30 mins maths task each week
Year 5	15 mins 3 x weekly	Up to 15 words each week differentiated	30 mins maths task each week
Year 6	15 mins 3 x weekly	Up to 15 words each week differentiated	40 mins maths task each week

Additional tasks:

Occasionally, additional homework might be set asking the children to read / find out wider information about a certain topic the children are studying in class. Information about these tasks will be sent out as required by the class teacher.

Parental support

Homework is set and organised so that children can work and complete homework independently. However, homework is a great way of providing some focused quality time with children whilst also becoming more familiar with their learning and the curriculum. Parents are seen as a key element in making homework a success. Their support, through providing a place to complete homework, providing basic resources and encouraging their child, is essential.

What if homework isn't done?

The school will endeavour to encourage children to complete their homework on time. We feel this practices a life-skill that enables them to meet deadlines. We balance this with the belief that children do need time to be children and ensure that homework set does not take up an excessive amount of time. A full week to do homework allows children to make choices about when it can be completed. . Just as holidays are a time when adults enjoy freedom from the usual work deadlines, children should be free of homework.

Bushfield also runs a weekly Homework Club that is open to individual pupils who may want to use the school's ICT and internet resources, gain additional adult help or have access to a regular, quiet environment in which to complete their homework

Every effort will be made to support children with their homework and parents are invited to contact teachers if homework is proving difficult. Contact will be made with parents if children are regularly not completing homework.

Equal Opportunities:

- Any homework set is expected to give every child an equal opportunity to complete it. (If there are any resources required in order to complete the homework then the school should offer its own resources if the child cannot access them.)
- Any homework set will take into account any cultural differences that may exist within the school.
- A homework club is offered to children

Monitoring, Evaluation and Review:

- This policy will be subject to a review at least once every two years by staff and governors
- The quality of homework will be sampled within year groups and as part of the ongoing monitoring, evaluation and review cycle.
- Parents' views of the quality and amount of homework will be sought periodically.
